

### 33. A SUGGESTION: TO VIBENNIUS

first of the bath-house thieves

*Vibennius* [p. 238] the father, with sodomite son

(since the father's right hand is dirtier,

and the son's arse more all-consuming),

why not go into exile, to some vile place?

Seeing the father's pillage is known

to us all, and the son's hairy arse,

you can't sell for a farthing.
